From country 3 — Spain:	4
From country 4 — Slovakia:	3
From country 5 — Croatia:	6
From country 6 — Germany:	3
From country 7 — Sweden:	2
From other countries:	3

Total number of participants:	124
Grant output target:	76
Under-35 achieved:	106

DESCRIPTION (MAX 1 PAGE)

The Transnational Launch Event was delivered over 26–27 March 2026 in Lisbon, hosted by the Câmara Municipal de Lisboa. 124 in-situ participants attended — 66 female, 55 male, 3 non-binary — from all nine consortium partners across seven countries, with 106 participants aged under 35 — exceeding the declared lump sum band of 76–100 for the under-35 target group. A further 18 participants aged 35 and above also attended and are recorded in the attendance register but fall outside the grant output indicator.

Day 1 (MUDE Museum / Lisbon City Hall) established the full operational infrastructure: the Project Management Handbook was presented, the Digital Collaboration Space launched, the communication strategy unveiled by Traces & Dreams, the monitoring framework introduced by IGOT, and the EU Rural Pact Community Platform confirmed as the hosting environment for online activities. A civic panel featuring youth and migrant delegates from all 7 countries generated qualitative insights on barriers to participation.

Day 2 (IGOT — University of Lisbon) focused on democratic content and co-creation. A keynote by Prof. Roberto Falanga addressed democratic resilience and youth civic engagement. A participatory roundtable with three parallel tables covered digital participation tools, civic pathways, and mentorship models. A 90-minute co-creation workshop resulted in the collective adoption of the AllonBoard Collaboration Framework v1.0 by all nine partners and target-group delegates.

The Framework was subsequently revised to v1.1 incorporating post-event improvements. All nine partners have signed their individual accession forms, completing both primary WP1 deliverables: the Collaboration Framework and this Launch Event Report.

WP1 generated 12 social media posts across the consortium (LinkedIn, Instagram, Facebook, Twitter/X, website news, newsletter). WP2 was delivered on 21 April 2026 as planned.
